

IBS ELECTRONICS GROUP

IBS Electronics Mission is to be the leading Global Distribution Network that enables us to provide our services and products seamlessly worldwide to achieve high level of customer satisfaction

IBS Electronics was established in 1980 in Southern California. IBS Electronics is an ISO 9001: 2008 certified authorized franchise distributor and a global leader in the delivery of innovative electronic components and logistic solutions. IBS' operates a highly effective global sourcing network with offices in Asia, Europe, and the Americas, providing a broad range of integrated sourcing solutions to leading original equipment manufacturers (OEMs) and contract manufacturers (CMs) across a range of industries.

IBS ELECTRONICS

IBS Electronics' expertise in quality assurance, technology, and supply chain management, together with our leadership in the global deployment of Lean and Six Sigma, enables us to provide a competitive advantage to our customers by improving time-to-market, scalability, efficiency, and supply chain management.

COMMITMENT TO QUALITY

IBS Electronics is committed to gratifying and astonishing customers with our customer service excellence, order accuracy and on-time delivery. This is accomplished through our commitment to continual improvement of our processes, services, products and our people.

SUPPLY CHAIN MANAGEMENT

IBS Electronics creates an integrated supply chain with our customers and suppliers by becoming a seamless extension of their operations worldwide.

IBS delivers "Best in Class" processes, information, technology, tools, and people.

SEAMLESS GLOBAL NETWORK

IBS Electronics' operates a global Procurement Network that enables us to provide our services and products seamlessly worldwide. This network consists of a robust set of systems, skills, and tools that we use to efficiently manage production and services, regardless of geography, cost point, technology or end-market demand. IBS supports its network of global customers with turnkey value-added services designed to reduce response times, increase flexibility in the supply chain, reduce order delivery costs and inventory investment, and help customers to optimize their total cost of ownership.

The IBS Electronics Group is committed to provide quality parts and services that exceed our customers' expectations on time, every time.

IBS ELECTRONICS

COMPONENT DIVISION

COST-SAVING VALUE ADDED SERVICES

IBS Electronics' expertise in quality assurance, technology, and supply chain management provides a competitive advantage to customers. Through our global deployment of Lean and Six Sigma procedures, we improve time-to-market, efficiency, and scalability.

- ✓ Alternative Brands & Substitute Solutions
- ✓ Authorized Franchise Distributor
- ✓ Cost Reduction Solutions
- ✓ Custom Cable & PCB Solutions
- ✓ Engineering Support
- ✓ On Time Delivery
- ✓ Many Cost-Saving Value Added Services
- ✓ Product Customization
- ✓ Production Downtime
- ✓ PPV Solutions
- ✓ Reduce Supply Chain Complexity
- ✓ Quality Products

ACTIVE COMPONENTS IBS Electronics Authorized*

SEMICONDUCTORS					
Allegro	Cypress	Intersil	Micro-Semi*	Rectron*	Amazing*
